## Principal's foreword

### Introduction

Queensland schools annually publish meaningful information to parents about student and school performance. This document contains important information about our school's journey in 2014 and can be obtained on the school website and in hard copy from the office.

Ubobo State School is situated in the heart of the Boyne Valley and boast fantastic facilities. There is a full size athletic track with designated throwing and jumping areas, 2 full size floodlit tennis courts, one of which is multi-functional and covered for summer use, and 2 play forts for younger students. Ubobo State School has a number of learning areas which can comfortably accommodate up to 60 students. The original school building offers a double teaching space with an attached wet area, 2 administration offices and a store room. The community room is a multi-purpose area used for a number of Key Learning Areas, including the Pre Prep Program. It has a fully fitted kitchen and a serving hatch for tuckshop and P&C social functions. Adjacent to the community room is a storage area with an attached learning space. This space is used for manual and creative arts. The newest building is the Resource Centre. This multi-purpose building houses our extensive Library and an interactive teaching space. It has been furnished to encourage learning with colourful and ergonomic furniture, a large interactive whiteboard with integrated television and digital hard drive recorder, and wireless internet connectivity.

Ubobo is one of four small townships in the Boyne Valley and is situated 80klms south west of Gladstone. The school joins with Builyan and Nagoorin to form the Boyne Valley Cluster and comes together on a regular basis providing students with the opportunity to learn and socialise with children of a similar age.

## Our school at a glance

### School Profile

**Coeducational or single sex:** Coeducational

**Year levels offered in 2014:** Prep Year - Year 6

**Total student enrolments for this school:**

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2012	8	8		100%
2013	9	9		71%
2014	21	17	4	83%

Student counts are based on the Census (August) enrolment collection.

### Average class sizes

Phase	Average Class Size		
	2012	2013	2014
Prep – Year 3	4	9	10
Year 4 – Year 7 Primary			
Year 7 Secondary – Year 10			
Year 11 – Year 12			

### School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2012	2013	2014*
Short Suspensions - 1 to 5 days	0	1	2
Long Suspensions - 6 to 20 days	0	0	0
Exclusions <sup>#</sup>	0	0	0
Cancellations of Enrolment	0	0	0

<sup>#</sup> Exclusion is an abbreviated title which reflects suspensions with recommendations for exclusion, which may result in an exclusion or be set aside through an appeals process.

\* Caution should be used when comparing 2014 data with previous years SDA data as amendments to the disciplinary provisions in the Education (General Provisions) Act 2006, passed in late 2013, created a time series break.

### Curriculum offerings

#### Extra curricula activities

A broad range of extra-curricular activities designed to develop the students and develop a sense of community service and civic pride are offered. Students are actively involved in:

- Project Club
- Clean up Australia Day
- Earth Hour Day for Schools

- Interschool sporting events
- Fundraising for charity
- Organise community events - Anzac Day Service & Community Christmas Concert
- Engage in QCWA International Day
- Clustered events with nearby schools to improve sporting opportunities, cultural opportunities, and access to regional resources.

As children progress through the school they deepen their understanding of active citizenship and take on increased leadership roles not only in the school but also in the community. Such activities allow each child to develop culturally and socially, to become environmentally aware and to actively pursue a healthy lifestyle.

## How Information and Communication Technologies are used to assist learning

Ubobo State School has a large bank of networked classroom computers (almost one per child) readily available and used by students as research tools, communication tools and for assistive learning. An interactive whiteboard plus two large smart TVs are used to assist the teaching and learning. Ubobo State School currently has four iPads which are used on a daily basis by both teachers and students.

## Social Climate

The school provides a nurturing, caring, family environment. Students are encouraged to accept diversity and to welcome and support the different learning needs of other students.

Cluster days bring the students of the three Boyne Valley schools together and offer not only the opportunity for students to work with peers, but also for staff to organise specialist visits to extend students learning. Opportunities are provided for students to compete in interschool sporting activities.

The Parents and Citizen's Association is very active and most families are represented at meetings, working bees and fundraising functions. Tennis events are regularly organised as family fun days for children and community to interact.

A Pre-Prep Program is run throughout the year, encouraging pre-school aged children to be involved in our school in a fun, learning environment. This program is structured by the school and delivered by experienced volunteer parents.

\* Nationally agreed student and parent/caregiver items were incorporated in the School Opinion Survey in 2012.

# 'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to a major redevelopment of the surveys (parent/caregiver and student in 2012; staff in 2013), comparisons with results from previous years are not recommended.

## Involving parents in their child's education

Parents are encouraged to be involved in student learning. Parents run our Pre-Prep Program, come into the classroom for reading, and are regularly kept informed of student progress. Written reports on student learning are shared twice a year and parent/teacher interviews are offered twice a year. Regular discussions are held with all parents regarding any issues or successes.

The parent body is extremely active with fundraising, catering for clustered events and Ubobo State School events, assisting with celebrations and commemorations, and celebrating student successes at school parades.

A regular newsletter is sent home fortnightly to report on all things school. The newsletter is published on the school web site, emailed out, and sent home in hard copy. District News submissions are made in each issue to report similarly. The school magazine, *Total Recall*, is published annually as a keepsake for students from their year at school.

### Reducing the school's environmental footprint

As a school community, we actively encourage everyone to reduce their environmental footprint. Twenty solar panels were installed in conjunction with the National Solar Rebate Scheme to generate electricity which is directed back into the grid (go to [www.solarschools.net](http://www.solarschools.net) for more details). All non-essential electrical items are turned off nightly, over weekends and during school holidays. Our water is either harvested from rain water or comes directly from our bore, and waste water goes into a transpiration pit. Weekly refuse disposal is kept to a minimum and paper is recycled as much as possible in printers, fax machines, for compost and in the classroom. Food scraps are kept for composting in the vegetable garden and worm farm.

Years	Environmental footprint indicators	
	Electricity kWh	Water kL
2011-2012	8,063	0
2012-2013	8,305	0
2013-2014	8,758	0

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

### Student attendance distribution

The proportions of students by attendance range.

\*The method for calculating attendance changed in 2013 – care should be taken when comparing data after 2012 to that of previous years.

### Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DETE policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Student attendance is monitored twice daily, and trends and statistics are examined on a weekly basis. When a student is absent without explanation, a phone call is made to parents/carers. Parents/carers can notify the school in the event of absence by phone, email, drop into the office, or sending notes with siblings.

Student attendance is encourage in multiple ways. Student attendance awards for greater than 95% attendance are presented each term. One of four major awards presented at the school graduation is the Attendance Award, given to the student with the highest attendance for the year.
